Watson and Terlip share 2012 Josey Jr World 1D Championship

By Tanya Randall

World Champions R.E. and Martha Josey rolled out the red carpet for their Josey Jr World Barrel Race, held May 10-13 at their ranch in Karnack, Texas. The 31st annual event drew 522 entries for a total purse of \$118,620, of which \$5,000 was added.

For the first time in the event's storied history, co-champions were crowned when Kylar Terlip and Stevie Watson turned in identical times of 15.931 in the Finals. Both ladies decided to forgo a runoff to save the wear and tear on their horses.

"If we would have to had to run again, I probably would have said you can have the title," said Terlip, the 2011 WPRA Junior World Champion. "I wasn't going to run my horse twice in one day. He's 18. It's hot down there and that ground's tough anyway. I think there were some people who wanted us to run again, but the Joseys were fine with it. They were really understanding about it."

Terlip's prized mount is Fire Powered Jet ("Jet"), a palomino gelding by multiple National Finals Rodeo sire Fire Water Flit out of Sweet Sugar Jetta, by Gold Jet Eagle. The duo only had six runs under their belt since Jet's return from shoeing mishap that left the thin-soled gelding with lightly bruised coffin bones.

"We used a different shoer and we shouldn't have," the 12-year-old sixth grader at Louisburg Middle School related. "We ran him at the BBR (Finals), the (Josey) Reunion and here, and he made the 1D finals at all of them."

Terlip had a little bobble on their first run at the Jr World, but came back to win fourth in the second round and secure their place in the Finals.

"The first run I was trying to be too perfect and I got in too tight on the first barrel," she explained. "The same thing happened on my last run at Reunion, too."

On her second run, she had a plan of attack. "I just tried to go up the middle of the arena more. He actually went past the first a little bit, but he was running way harder so he made up for it," she said.

When Jet aced his first barrel in the Finals, Terlip knew she had a chance at the title.

"We had a smoking first," said Terlip, who pocketed \$4,508 and by virtue of a coin toss won the year's use of a Big Tex CM Trailer. "I know if he smokes that first, we're going to have a pretty good run."

The win makes Terlip, who hails from Frontenac, Kansas, the second barrel racer from the state to win a Josey's title. Amy (Humble) Goodnight, a close family friend who competed against Terlip's mother and aunt, won in the late 1980s.

This was Terlip's fifth trip to Karnack for the Jr World. She said it's the "funnest" barrel race all year.

"Joseys is always the funnest barrel race," said Terlip, who wanted

Register or Transfer Horses For Less

For a limited time, AQHA is excited to offer specials to make registering an aged horse and/or multiple transfers affordable.

Older Horse Registration: If your horse is 36 months or older and unregistered, he can now be registered for only \$300. Typically, it costs either \$550 or \$1,000 to register an aged horse.

Be sure to take advantage of the lower registration fee during this limited time offer.

Transfers: During our transfer special, AQHA is charging only \$15 per horse, with an unlimited number of transfers. Normally, AQHA charges a \$15 transfer fee for each transfer. The length of time the horse has been in your possession is not a factor when transferring the horse.

The completed and signed transfer report forms, along with the horse's original certificate, a current AQHA membership and a \$15 payment, per horse, is all that is needed to take advantage of this special and get the records updated today.

Need assistance? Contact AQHA Customer Service, or call (806) 376-4811 to get help on both of these limited time offers. --*Courtesy of www.aqha.com*

Dreamin Of Three Team

The Dreaming Of Three Team is one group of dedicated people that found a way to help those in need through doing what they love the most, competing on their horses barrel racing or in many other disciplines on horseback.

Pittsburgh business executive Jackie Harris lost her stepfather to cancer and three months later her father passed away from heart disease. She fought back and created the concept of "Dreaming Of Three."

Dreaming of Three's name came from dreaming of three fast, tight barrels in order to win money for the charities--the three charities she will be donating her winnings--and also about the three areas she wants to make a difference.

1. Donating Winnings.
2. Taking families to rodeos that have a child fighting cancer or heart disease.
3. Allowing others to have their own loved one's initials on her "saddle crosses" so that they can ride with her as well and honor them all as she enters the arena each time.

She will be donating her winnings to the American Cancer Society, American Heart Association and several animal rescues.

Just when Jackie's program was taking off another difficulty jumped in her way. Her horse became injured and was unable to compete. But once again, she rose to the challenge and found other riders willing to carry her flag for charity in the barrel racing circuit. As other riders heard of her efforts they offered to "ride for the cure." Jackie found they all had two things in common, love of their horses and competing and burning desires to help others in need.

Now her team consists of people that are carrying her flags of charity and have added others to the team expanding the amount of beneficiaries to include other worthy charities. There are also many corporate sponsors involved as well as an online store, which goes back into Dreaming of Three to take more families to more rodeos.

Equine Operations Now Eligible for Emergency Loans

U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) Administrator Bruce Nelson announced today that equine operations that breed, raise and sell certain types of horses are now eligible for loan assistance under FSA's emergency loan program.

"To help keep American agriculture profitable, USDA immediately responds to disasters across the country--ranging from record floods, droughts and tornadoes--with direct support, disaster assistance, technical assistance, and access to credit," said Nelson. "This policy modification will help certain equine operations when they face losses due to drought, flooding, other natural disasters or quarantine. A strong farm safety net, including emergency credit, is critical to sustain the success of American agriculture."

Emergency loan funds may be used to: Restore or replace essential property; Pay all or part of production costs associated with the disaster year (the calendar year in which the disaster occurred); Pay essential family living expenses; Reorganize the farming operation; and Refinance certain debts.

Emergency loans can be made to farmers and ranchers who own and operate lands in a county or contiguous county to a county declared by the President or designated by the Secretary of Agriculture as a disaster area. Producers can borrow up to 100 percent of actual production or physical losses up to a maximum of \$500,000. Terms of the loans include an interest rate of 3.75 percent and repayment over a period of one to 40 years depending on the nature of the loss and the collateral available to secure the loan.

U.S. agriculture is currently experiencing one of its most productive periods in American history thanks to the productivity, resiliency, and resourcefulness of our producers. A strong farm safety net is important to sustain the success of American agriculture. For example, USDA's crop insurance program insures 264 million acres, 1.14 million policies, and \$110 billion worth of liability on about 500,000 farms. And in response to tighter financial markets, USDA has expanded the availability of farm credit, helping struggling farmers refinance loans. In the past 3 years, USDA provided 103,000 loans to family farmers totaling \$14.6 billion. Over 50 percent of the loans went to beginning and socially disadvantaged farmers and ranchers. support. "I get to see friends that I don't get to see a lot. At night, we have the shaving cream fights and everything. Even if I don't do good, I always have fun."

Watson was making her final appearance as a Jr World contestant. She hopes her victory will carry her on the same path as such former Josey Jr World competitors as it did Sherry (Potter) Cervi, Janae (Ward) Massey, Denise Adams and Jackie (Dube) Jatzlau who have all qualified for the National Finals Rodeo.

The 20-year-old recent college sophomore isn't jumping the gun though. She's hoping to transfer from Oklahoma State University-Oklahoma City to Tarleton State University in Stephenville, Texas, where she can join the rodeo team.

"I really just want to focus on school and college rodeo," said Watson, who hails from Tuttle, Okla. "I want to see how it goes before I get my pro card."

Watson grew up showing Morgan horses under the tutelage of her grandparents, Pete and Sue Lowry. When she was 13, she decided to follow in her mother Linda's footsteps and try barrel racing. Her dad bought two horses in a package deal for \$2,500, and one of them was Mr Clues Image ("Joker"), a 3-year-old gelding by Mr Clue Connection out of Skips Bar Image, by RR Gee Whiz.

"He was a match racehorse, and he was pretty neglected and abused when we got him," she said. "I trained him by myself when I was 13 after I read some books and some magazines and watched some videos. We've had our ups and downs, but he still wins for me."

Watson also attended three Team Josey clinics over the years.

For the longest time, Watson said she didn't realize how talented Joker was.

"I didn't realize what I had for a lot of years and just went to local jackpots," said Watson, who has attended three Team Josey clinics. "When I started realizing that my horse was the only one in the 1D, we started going to bigger things. I stopped showing Morgan horses when I realized I had a pro caliber horse."

At Josey's, they qualified for the Finals on their first run. "My first run was really smooth, but it wasn't very fast," explained Watson, who wanted to thank her mother, grandparents and LifeWave. "I qualified 13th in the 1D. My second run was really sloppy. I didn't ride very well. I think he was sore. John Chance with LifeWave found where he was sore under his stomach and we put a pain patch there. For the Finals, he walked to the gate; he was really firing and turned really well. It was really nice run."

The time of 15.931 was the magic number on the weekend, not only did it give Terlip and Watson the 1D Championship it put Megan Sparks, Hamilton, Ohio, and Easily Smashed Toast, Martha Josey's personal horse, at the top of the first go leader board. All three will take home trophy bits for having the fastest time of the event.

"It was really weird how that all happened," said Watson, who pocketed \$2,768.

By virtue of the coin toss, Watson got the trophy saddle and medallion, while Terlip got the trailer and the buckle. Another buckle and medallion are being made as well.

Hillman Getting Hot on the Rodeo Trail

Spring is here and so are the California and Texas professional rodeos. In Texas, WPRA Rookie Stevi Hillman and her fast mount Im A Royal Design (owned by Rick & Terri Ford) are making their presence known by winning two rodeos over the weekend, Bridgeport, TX and Crockett, TX for a weekend total of \$2602 and moving her up to 5th in the WPRA Rookie standings with a total of \$5,476 so far for 2012.

The pair is no stranger to the winners circle. Last year, during Im A Royal Design's futurity year, they won the first round of the JB Futurity, the first round of the BFA Futurity, then went on to win one day of the Jurassic Classic in Glenrose, TX and placed at many of the other big 4Ds and futurity in the TX and OK area.

So now, Im A Royal Design is hitting the rodeo trail as a 5 year old and picking it up just as quickly as he did the futurities. He actually started out his career as a racehorse where he ran a si of 94 and won \$17,948. Then is his 4 year old year went from track broke to round winner at the barrel futurities in a matter of months. Now, Im A Royal Design has earned around \$27k in his lifetime around the barrels. Since Hillman is new to the rodeo scene we caught up with her to find out a little more about her and Im A Royal Design.

YOUR AGE: 25, I was born in Southern Colorado, I grew up in Colorado & Oklahoma

COLLEGE: Weatherford College (Texas)- Radiologic Technologist degree

TELL US ABOUT

YOUR EXPERIENCE &

ACCOMPLISHMENTS:

I grew up on my grandparents corn/alfalfa and cattle farm, running my horses all over there land.....they'd always come hunt me down at dark and tell me to get my hinny home, I always seemed to be horse-back. I never did have a 1D barrel horse growing up. I always rode young horses or the 'ole ranch horse, that I'd end up somehow training on barrels.

WHO ARE SOME OF THE PEOPLE THAT INFLUENCED YOUR BARREL

RACING: Most importantly I was influenced by my step-father, Dave Salzbrener. He was an amazing horse trainer and taught me most of my fundamentals. I always looked up to Rachael Myllamaki growing up, I just loved her style. Of course, the phenomenal team Lindsey

& 'Martha', it just pumps me up to watch them, it is awesome how much heart that team has.

ADVICE FOR YOUNG BARREL RACERS: Confidence comes from being prepared, ALWAYS go the extra mile to take care of your horse (no matter how tired you are)....and ALWAYS believe in yourself. Another note of advice, probably one of the most important is: You must surround yourself with people who build you up, love you and have your best interest at heart.

FAVORITE QUOTES: Some of my favorites are: 'Champions aren't made in the gyms. Champions are made from something they have deep inside them- a desire, a dream, a vision.' -Muhammad Ali Another one I live by is "I can do all things through Christ who strengthens me." Philippians 4:13

The last one is something my husband Ty told me once, "To get something you have never had, you must do something you have never done."

PRO RODEO NOTES:

Vick Recovering From Injury

Linda Vick, currently #17 in the WPRA World Standings with \$21,197 in earnings, was recently involved in a horse related accident and was out of competition for a couple weeks. She is recovering and hoping to get to return to the arena later this week.

Dr Te Hancock recovering after colic surgery.

Kendra Dickson, who is currently #15 in the World with \$22,261, suffered a set back last week when her main mount Dr Te Hancock (better known as Dover) started to show symptoms of colic on May 5 after winning the 1st Go Round at Guymon, OK. Dr. Kristina Levis, DVM initially treated Dover until surgery was deemed necessary and he was rushed to the Oakridge Equine Hospital in Edmond, OK. Surgery was performed under the supervision of Dr. Jeff Brakenhoff, DVM and staff. Dover is now recovering nicely. He will be on stall rest for 30 days, then 30 days in paddock. At 60 days he can resume light exercise and at 90 days can resume his normal workout routine if everything progresses as is expected. This means Dickson and Dover should be back in competition by late summer.

NOTES FROM THE WRAPN3:

Bad N Fast has proven he is one fast barrel horse, come to find out, well he definitely should be. His full brother is Eyesa Special who earned a speed index of 107 and won the All American Futurity by over 2 lengths and also won the Texas Classic Futurity. Eyesa Special finished his career with over \$1.39 million in earnings and is now a leading race sire. Bad N Fast only earned a speed index of 82 on the racetrack but he is showing his family's class in the barrel pen.

NOW THE TECHNOLOGY DEVELOPED TO PROTECT PRO ATHLETES IS AVAILABLE TO PROTECT YOUR HORSE

Zoombang is scientifically tested and proven to protect against impact injury. Zoombang is a patented polymer material that provides truly intelligent protection. At rest, Zoombang acts as a liquid to assure perfect fit and malleability. But on impact, it immediately transforms to a solid state, reacting proportionally to the energy applied. As a result, Zoombang only becomes as rigid as necessary to absorb and dissipate incoming shock.

Zoombang is widely used for its protection against injury in contact sports, law enforcement, and military applications. The NFL, NHL, MLB and NASCAR rely on Zoombang to protect elite athletes. Now equine athletes can benefit from the same protection. After all, they deserve it.

HOW ZOOMBANG™ WORKS

SOFT AT REST
ZOOMBANG is soft and fluid-like to the touch

REACTS TO IMPACT
Upon impact ZOOMBANG molecules stiffen and lock to a solid-like state providing maximum protection

SOFT AT REST
After impact, ZOOMBANG returns to its fluid-like state

Headin' For Home

by Mike Morrison
Triple M (Mike Morrison Ministries)

The names of Jesus tell us quite a bit about His character as He walked about and ministered on the earth.

The name Jesus comes from the Hebrew name Yashus which means "God the Savior" or "God is salvation". The name Christ means "the anointed one" and that is also what the Hebrew name of Messiah means. So when the Bible speaks of Jesus Christ, it actually means Jesus the Messiah of our Savior, the Anointed One. The name Immanuel means God is with us. Jesus is also referred to as Teacher, Master, Lord, Son of God, Son of Man, Redeemer and other names, too.

The many names of Jesus show us a little bit about His unique ministry. We know He "went about doing good" and healing minds and bodies and casting out demons. He had compassion on the multitude following Him who were hungry and He performed miracles of multiplying a few loaves and fish to feed the huge crowds with lots of leftovers!

Jesus turned ordinary water into fine wine at the wedding at Cana so the party could go on. He went about the country teaching and performing miracles. He even raised some from the dead. But, His

real mission was to reconcile mankind to God. So He willingly bore the sins of mankind and let Himself be sacrificed on the cross to restore our relationship with God which had been destroyed by Adam's sin.

Wouldn't you like to get to know Jesus better? Not just about Him but really KNOW Him. You can start by making Him your Lord and Savior and asking Him to come live in your heart. It's easy. Just say: Jesus, I believe you're the Son of God who rose from the dead. I'm sorry for my sins. Wash me clean in your blood. I ask you to come into my heart. I make you my Lord and Savior. It's done! Now, talk to him, read the Bible, find a Bible church and some Christian friends. Life with Jesus is satisfying!
